## League of Super Evil Continues to Notch Up Sales

VANCOUVER: Nerd Corps Entertainment has signed up a number of international broadcasters for the second season of *League of Super Evil* ahead of the fall launch, including SUPER RTL.

Germany's SUPER RTL will be adding the show to its TOGGO block in spring 2011. Further broadcasters include TV3 in Spain and Disney XD in Germany. PGS Entertainment secured several new European and Latin American territories for *League of Super Evil* that will be announced soon.

"We loved the off-beat humor and silly super villain send-ups in the show," said SUPER RTL's program director, Carsten Götzel. "The concept of bringing the over-the-top world of super villains

down to a neighborhood kid level is one that we think German kids will like very much."

"We're happy to see *League of Super Evil* finding such fantastic new broadcast berths in so many places around the world," added Nerd Corps' president, Ken Faiер. "It's an amazing level of support and we truly couldn't ask for better partnerships."
